### BUILDING IS ACTIVE ON PACIFIC COAST

(By Associated Press)

SAN FRANCISCO, Mar. 20.—Employment conditions on the Pacific Coast during February showed a slight general improvement over the previous month, according to the report of J. A. Kelly, acting district director of the employment division of the United States department of labor, made public here today.

Building is especially active, in spite of adverse weather conditions in many districts, and as a result lumber shows a marked improvement. On the other hand, mining, the manufacture of food stuffs and textiles, and shipbuilding are still below normal.

No order of job printing is too large or too small for The Bonanza to fill. We employ only the most skillful and artistic printers. Prompt service assured.

The pleasure is worth it. There's no substitute for Camel quality and that mild, fragrant Camel blend.

The fellow who smokes Camels, wants Camels. That's because Camels have a smoothness, a fragrance and a mildness you can't get in another cigarette.

Don't let anyone tell you that any other cigarette at any price is so good as Camels.

Let your own taste be the judge. Try Camels for yourself. A few smooth, refreshing puffs and you'd walk a mile for a Camel, too.
